AMENDMENTS TO THE CLAIMS

This listing of the claims will replace all prior versions,
and listings of the claims of this application:

LISTING OF THE CLAIMS

5

1. (Currently Amended) A blower comprising:

an enclosure having side walls defining an
internal chamber, an open end comprising a first inlet, a
second inlet and an outlet, wherein the open end of the
10 enclosure includes a removable grate;

a flow separator plate extending across the
internal chamber between the side walls defining a first
scroll duct and a second scroll duct, the first scroll duct
being in flow communication with the first inlet and the
15 outlet, the second scroll duct being in flow communication
with the second inlet and the outlet; and

a blower wheel rotatably mounted in the enclosure
through an opening in the separator plate having a first
wheel portion disposed in the first scroll duct and a
20 second wheel portion disposed in the second scroll duct.

2. (Original) The blower according to claim 1 wherein
the first wheel portion has a diameter different from a
diameter of the second wheel portion.
